

Design our own Northumberland Scouts Challenge badge.

Here's everything you need to design your own badge!

What to include on your design sheet:

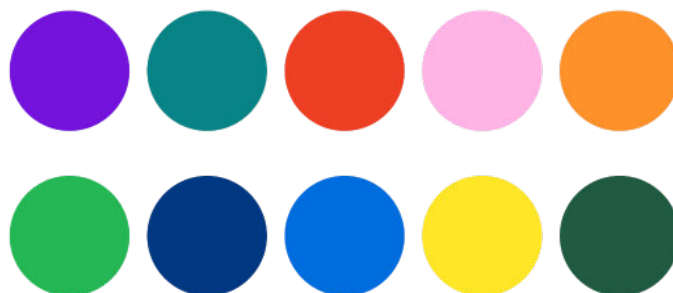

- The name of your badge
- Information about your badge
- Your amazing badge design!
- Your name
- Your section and Scout group
- Name and email address of Section Volunteer, parent or guardian

What to include in your design:

Your badge can be about any topic you'd like, it could be just for fun, or it could be about something that's important to you. Whatever you decide, and however you want to design it, there are a couple of things to make sure you include:

- The Scouts fleur-de-lis somewhere on the badge
- Northumberland Scouts County Challenge
- Circular shape or Rectangular shape
- Maximum of 8 colours

The winning design will be turned into digital artwork so we can create the badge. It might mean that we make some ~~small~~ changes to your design, and we'll need to make sure the colours used match our [brand guidelines](#):

How to upload your design?

There are a couple of ways to submit your badge idea to us. If you have access to a computer, the easiest way to submit the designs is through our online entry form. You'll just need to take a photo of, or scan in, your entry to upload.

[UPLOAD](#) or email to laura.humphries@northumberlandscouts.org.uk
