January 2026

## Our online booking system is now open!

We've recently updated the county website to include a link to our online booking portal. As well as allowing you to complete your booking online, the portal also includes an easy to use availability calendar.

Visit the 'campsites' area of our county website to see all the details and place your 2026 bookings now!

## Nunnykirk transformed into winter wonderland!

Earlier this month over 120 Explorer Scouts, Scout Network members and leaders from across the county braved the winter conditions to enjoy an action-packed weekend at Nunnykirk! The site was the ideal base for the activities ranging from escape rooms to silent discos, backwoods cooking, a climbing tower, team challenges and tomahawks... not to mention a snowman competition! Well done to all the team involved - it was great to see everyone having such a brilliant time. We're already looking forward to next year's event!

# Nunnykirk News continued...

## Exciting developments on site

We'll soon be taking delivery of two shipping containers for the construction of our new permanent toilet / shower block facilities and work is planned for the spring. In the meantime portable toilets will continue to be brought onto site for bookings.

Once the weather improves we'll be moving ahead with plans to build a camp fire circle. We're also progressing the provision of on-site activity facilities, including plans to build archery / air rifle shooting ranges over the coming months. And we'll soon be recruiting for additional site team members - watch this space!

Make sure to keep watching for our updates to follow all the latest developments!

## Thanks to SSAGO!

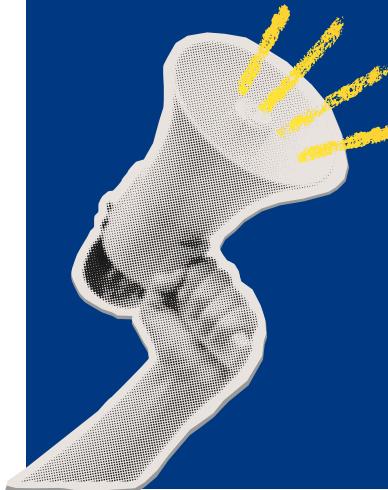

A big thank you to SSAGO - the Student Scout and Guide Organisation who held a working week at Nunnykirk during the summer of last year. The team were a great help in completing site maintenance ready for our autumn bookings.

If you're interested in getting involved, make sure to check out the details of our upcoming service day!
