Nunnykirk News!

October 2026

Nunnykirk site development continues with installation of new toilets!

Our County campsite continues to grow and we're excited to share the latest improvement - we now have new toilet blocks on site as part of our ongoing development!

The toilets are housed inside fully kitted-out shipping containers, providing the ideal non-permanent structure for the site. This latest upgrade makes the campsite even more comfortable and accessible for programme events, training days and District, Group and Unit camps and visits.

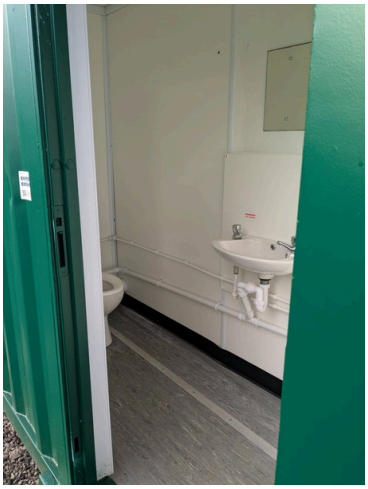

A big thank you to everyone who's helped move the site forward - your support is making a real difference!

Nunnykirk News!

Bookings open for next year!

It's been a busy summer at Nunnykirk, with camps, events and activities throughout the warmer months. We're excited to see bookings for 2027 already coming in, so if you're planning a camp, skills day or larger event, now's the time to secure your spot. Head to the Campsites section of the County website to explore the facilities, check availability and place your booking.

Be part of our programme team!

We're looking for volunteers to help shape an exciting programme of outdoor activities, events and training at Nunnykirk for Northumberland Scouts, local Scout counties, local community groups and schools. We're currently recruiting a team lead via the County website, but if you'd be interested in supporting this role or being involved as a team member, please email info@northumberlandscouts.org.uk and the Nunnykirk Team will be happy to have a chat about what this may involve.

Explorer Scout and Scout Network Winter Camp returning to Nunnykirk!

In January 2027, the Explorer Scout and Scout Network Winter Camp will be returning to Nunnykirk. You may remember the very snowy scenes from this year's camp as 120 Explorer Scouts, Scout Network members and leaders from across the county braved the winter conditions to enjoy an action-packed weekend! We're looking forward to welcoming the team back to the site and bookings for next year's event open w/c 19th October 2026.
